Yes

Resinol
cleared away every pimple!

At least once a day—usually twice—bathed my face for several minutes with plenty of Resinol Soap and hot water and applied a little Resinol Ointment very gently. I let this stay on for ten minutes or so, and then washed it off, with Resinol Soap and more hot water, finishing with a dash of cold water to close the pores.

I was astonished how quickly the healing Resinol medication soothed and cleansed the pores, removed pimples and blackheads, and left my complexion clear and velvety.

Physicians have used Resinol Ointment and Resinol Soap for 20 years, the treatment of itching, burning, skin eruptions. Sold by all druggists, for trial free, write to Dept. 11-S, Resinol, Baltimore, Md.

Deep Drifts at East Killingly.
Judge James N. Tucker of East Killingly was in town bright and early Monday morning, looking for some of the men who have heretofore good-naturedly doubted some of his reports about the Arctic weather conditions that sometimes prevail in that section of the state.

ANNUAL PARISH MEETING.
Members of St. Alban's Church Hear Excellent Reports for the Year.

In G. A. R. hall Monday evening members of St. Alban's church gathered for the annual parish supper at 8 o'clock and for the annual parish meeting which followed the report.

The reports read at the meeting showed that the past year has been one of special endeavor and that the various departments of church work more had been done than ever before.

The report of Treasurer Alfred L. Reed showed that the church during the year had received the arduous duty of paying \$100 toward the pastor's salary here and that another \$100 had been expended in building work at the church property. Reports were made by the representatives of the various church organizations, all being of a very satisfactory nature.

Three Brothers Get Same Salary Increase.
Members of the Baptist church learn of an interesting and peculiar incident in connection with their increasing of the salary of their pastor, Rev. W. D. Skiffeld, at the annual church meeting last week. A letter which Rev. Mr. Swaffield, at the annual church meeting, who is pastor of the Baptist church at Claremont, N. H., containing information about the salary advance here, was passed en route by a letter from the New Hampshire pastor bringing to the local pastor information that his brother's salary had also been raised, and that the same sum was the case in Danielson. The next day Rev. Mr. Swaffield received a letter from another of his brothers, teaching at Hatfield, Mass., announcing that he had received a salary increase, which also happened to be of exactly the same size as that given his two brothers, and in every case unexpected.

Seven cases were disposed of in the city court Monday morning. Jennie James, for creating a disturbance after indulging in some gin to cure a cold, was given 20 days in jail for the execution of the sentence suspended by Judge Geissler. Charles Hessel and John Ralph, wanderers, were given 30 days each in jail.

Three Polish men, who got into a fight while celebrating Easter Sunday with two kegs of beer and some whiskey, were fined \$15 each. They got into a fight when a woman, who was at the house where they were drinking playfully poured a glass of beer into the pocket of one of the men. They paid.

REPORT OF SUPERINTENDENT.
School Activities During March—Percent of Perfect Attendance Increases.

In his monthly report on Putnam's schools, Superintendent W. A. Mowry says:

"The public school enrollment at the close of March was 612 pupils. Of this number 425 were boys and 187 were girls. This registration is an increase of 18 pupils during the month. The average membership for March was 603, an increase of 10 over corresponding figures for February. The average daily attendance was 618, which was an increase of 38 over the figures for the preceding month. The attendance of pupils at school has been more regular than it was for February. The teachers report 384 1/4 days absence, a decrease of 27 from last month's figures. There were 70 pupils tardy, with an aggregate of 119 cases of tardiness, these figures representing a decrease of 15 and 11 respectively. The number of pupils with perfect attendance records increased from 241 in February to 344 in March. The actual membership of 277 in the schools at the close of the month was 718 pupils. These were divided among the different buildings as follows: High school, 207; including 187 day school students and 44 eighth grade pupils; Israel Putnam school, 303; Smith Street school, 97; Sawyer district school, 88; East Putnam, 12; Putnam Heights, 14; Gary school, 15.

I regret to report that I have again found it necessary to close Sawyer

ville boy, and one of the good players that Yale has turned out recently, will also go along to play a base position for Bridgeport.

If Martin and Brooks make good, they will undoubtedly get a chance to play with the Eastern association team. In any event they are in line for a tryout, and that puts it up to them. Martin played five ball for the Pawtucket team of the Colonial league last summer and is summering by the organization. If he makes good at Bridgeport, he can get a release from the Rhode Island team. He is a fast agent and can go anywhere he is wanted, and those who have seen him play say he is going to be wanted.

FRANCIS E. STORER CASHIER.
West Roxbury Man to Succeed N. D. Prince at Windham County National Bank.

At the regular weekly meeting of the directors of the Windham County National bank Monday morning, Francis E. Storer, whose home is in West Roxbury, Mass., was elected cashier of the bank to succeed Nathan Dyer Prince, who several weeks ago was elected a vice president of the Connecticut Trust and Safe Deposit company of Hartford. The new cashier is expected here this week and will take up his duties upon his arrival. Mr. Prince remaining with him until about May 1. The resignation of Mr. Prince as cashier has no effect on his other connections with the bank, of which he will remain vice president.

Mr. Storer comes to the local bank from the National Shawmut bank of Boston, one of the great financial institutions of the east. Mr. Storer, who has been with the institution for the past 15 years, has been the head of its analysis department. His studies were made at Dean academy, Franklin, Mass. He is married and has three children.

Throughout his connection with the National Shawmut bank Mr. Storer has shown exceptional aptitude for financial matters and has advanced rapidly, leaving the institution to come here at 30 years of age as a department head.

Mr. Storer will bring his family to Danielson at his earliest convenience.

Make This Pleasant Cough and Cold Remedy Yourself

Here's the recipe: Into a pitcher put a tablespoonful of butter, one-quarter cup light brown sugar, an ounce of fresh, whole allspice and a pint of Duffy's pure malt whiskey. Let it stand for half an hour; then add one-half pint boiling water. Let it stand again for a short while, and before serving stir well and add the juice of one orange and one lemon. This is to be served in a wine glass. It is very wholesome, appetizing and strengthening, especially for fever and chills in stormy and blustering weather. Prompt action on such occasions will ward off many a serious and oft-times fatal attack of bronchitis and pneumonia, as well as irritating coughs and colds.

District school on account of scarlet fever. This was done March 17 and the building was thoroughly fumigated a few days later. The pupils from the Windham County Children's Home, who had been quarantined and away from school because of an epidemic of scarlet fever since Oct. 1, have been readmitted to school March 1. They had been at school only two and one-half days when I closed the building as indicated above. The new case is one of the Home children, who had not, however, been at the Home during the epidemic. She evidently had the disease the last day she was at school, which led me to take the prompt action which I have reported. Two other children, who had been living in the same family with this girl, have also contracted the disease and all are being cared for at the Children's Home. This will necessitate the absence from school of all children at the Home until the quarantine is removed. Two children in another family in this district are also in quarantine because of scarlet fever. This will leave only 10 pupils to report for work, if no new cases of scarlet fever develop in the district, when the schools open for the new term April 12.

I have also to report that four or five cases of diphtheria have appeared among the pupils of the lower grades at the Israel Putnam school. I hope that the vaccination of next week may check any further spread of this disease.

A Parents' Night was held at the High School March 26, which proved to be, in all respects, very enjoyable and successful. There was a very large attendance of parents and friends of the school.

Schools closed Thursday afternoon, April 1, for the spring vacation. Sessions will be resumed Monday morning, April 12.

I have also to report, with the approval of a majority of the school committee, Miss M. Barbara Foxe, of Great Barrington, Mass., to take the position in the kindergarten at the Israel Putnam school, made vacant by the resignation of Miss Flora E. Ellis. Miss Foxe has been trained in kindergarten work in one of the best kindergarten schools in southern New England. She has had a year of successful practice work and comes to us with excellent recommendations.
